Italian Renaissance

The Promenade

Beauty is a way of life

Costa Firenze is a ship whose every detail encapsulates the typically Italian love of beauty that is so well reflected in the city of Florence. And so the Renaissance relives in the interiors on board.

Guests and their families can totally surround themselves with the aesthetics of the Italian lifestyle.

In the large and welcoming public areas you can go for a walk by the boutiques, restaurants and bars, where you can have aperitifs if you like, or you can go for a jog in the open air or treat yourself to a regenerating massage in the wellness area. All this as your ship speeds you towards another destination on your journey.

Then there are the wonderful private spaces, with cabins where the tiniest details call to mind the art and elegance of Florence.

From dawn to dusk the decks of your cruise ship are an exciting place dedicated to the culture of beauty, in a country where this philosophy is part of everyday life. For the whole family every day is one of games, relaxation, shopping, good food, wine and theatre shows and entertainment.

Costa Firenze - sister ship to Costa Venezia - has been designed for the Chinese market, and as it sails the seas of the Far East, it will lead the way in Italian style.

Italian style in your cabin

The soft embrace of your pillow

When you step into your cabin you'll feel instantly welcomed in a warm and elegant space, the perfect place to rest and relax. The cabins on Costa Firenze have a style that is not cold and static, but dynamic and enveloping. The colours that recall the shades of Renaissance Florence and the elegant materials used for the furnishings reflect that concept of an Italian lifestyle that is attentive to detail and takes pleasure in appreciating beauty.

From the simplest cabins to the suites, all of them have been carefully designed to be welcoming, because on Costa Firenze comfort always goes hand in hand with elegance, allowing all guests to appreciate the good taste around them on their cruise.

Together in the heart of Florence

Surrounded by Italian elegance

This wonderful ship, designed to reflect the beautiful elegance of a city like Florence, an international icon of style, features public areas where you'll really feel as if you're going for a stroll along one of the city's streets or through one of its squares. There are stairways and large lounges where you can stop at a café or bar for a chat with old and new friends. There are restaurants for all tastes that make an intriguing alternative to the menus offered each evening. There are swimming pools, perfect for the hottest part of the day, a theatre for evenings filled with joy, casinos when you want to try your luck, and a Wellness Area to look after your body.

All with a constant and thrilling sea view as your cruise ship ploughs the waves. So Florence's wonderful sunsets are made even more exciting by an ever-changing horizon, offering you an incredible thrill that returns every evening.

Every moment has its flavour

Cin Cin and Buon Appetito

On board Costa Firenze there are 13 restaurants to tickle even the most demanding taste buds. There's the Fiorentina Steak House, where good meat is the order of the day, the sophisticated restaurants Palazzo Vecchio and Ristorante dei Medici with their fine dining, the by now legendary Teppanyaki where, besides good food, you'll see some show cooking by the chefs at your table putting their acrobatic skills to good use, and the "Frutti di Mare" where you can try some wonderful seafood.

Let's raise a toast to the beauty of Costa Firenze! The typically Italian ritual of aperitifs takes on a different meaning here: you can enjoy a good glass of something to drink surrounded by the beauty of a ship that exudes Italian aesthetics.

There are 7 bars catering for every demand. The Fashion Lounge, the Viareggio Lounge, the Bella bar, the Tuscany Lounge, the Versilia Pool Bar and the Bar del Conte and the Dolce Vita ice cream parlour. There's something for everyone, whether you're an adult or a child.
